Kingsburg City Council Vote

FRESNO, CA – Congratulations to the residents of Kingsburg, CA. Last night they rejected the Left's attempt to impose San Francisco values on the City of Kingsburg. The motion to allow the city to publicly honor the LGBTQ agenda was defeated. The City Council's decision was a victory for Kingsburg, a victory for the Central Valley and a victory for traditional values. This is a wake-up call to conservatives. Become active, speak out, defend traditional values and you will prevail!
